now, so we can't do it this way, sometime we do have to take in the city developed land so I'm in favor of the Whitney amendment.

SPEAKER: Is there any further discussion of the Whitney amendment? Do you all understand the amendment? The question is shall the amendment be adopted. All those in favor of the Whitney amendment which strikes the word "undeveloped" say aye. Those opposed say no. It is so ordered, the amendment is adopted. Now, we're back to the Dickinson amendment as amended. Do you need further discussion of the Dickinson amendment?

CLERK: Mr. President, I have a motion to amend the Dickinson amendment to delete (motion read).

SPEAKER: Chair recognizes Senator Carpenter.

SENATOR CARPENTER: Let me ask somebody, is it true now that a school district can buy all the land they want to without restriction.

SENATOR GOODRICH: Yes, that's absolutely true.

SENATOR CARPENTER: So this only applies to condemnations.

SENATOR GOODRICH: This is absolutely right and I would concur with you in your amendment.

SENATOR CARPENTER: Now, it's like 197, the same application. We finally made a full turn back where we started. All this does, it puts the thing in focus so we're allowed to do by condemnation subject to the court and damages, what we can now do by a school board to acquire all we want to and I move for the adoption of the amendment.

SENATOR GOODRICH: I second it.

SPEAKER: Is there any further discussion of the amendment. Senator Keyes. We're speaking now on the Carpenter amendment to the Dickinson amendment.

SENATOR KEYES: Thank you Senator Carpenter for offering that amendment. That was what I was going to say. I can't see why we should say that Millard School if they need 50 acres, should only be allowed to buy 40. True, they are not going to go out and condemn and pay thousands and thousands and thousands of dollars for land that they don't need so they should be allowed to buy whatever they deem is necessary and the people are willing to pay for it.

SPEAKER: Senator Dickinson, did you wish to be heard on this amendment. Senator Dickinson, did you wish to be heard on this amendment?

SENATOR DICKINSON: I would like to hear Senator Carpenter's amendment again, please.

CLERK: The amendment would be (amendment read).

SENATOR DICKINSON: I can see the reasonableness in the thinking behind Senator Carpenter's amendment but in order to be realistic and reasonable and answerable to my constituents and I think
